OVERHEARD Madigan Working for 100th Victory of Grid Coaching Career -By ART ROSENBAUM-

If all goes well, this year's St. Mary's team will give SLIP MADI-GAN his 100th victorw. . . So far, in his 17 years at Moraga, Madigan has coached the team for 124 games. 92 of which were won, 24 lost and eight tied. . . Should the Gaels win every game, the 100th win would come against Santa Clara November

14. . . If they lose one, it would come against Fordham at New York city, November 20. . . If they lose more than one, Slip would have to

wait until next season.

Those galleries at the national amateur at Portland really went for the big golf show. . . We predicted on the second day that the tourney would pay for itself, and as such be one of the few in the 41-year history of the national to do so... The \$5000 given by Portland hopefore to the land poosters to the tourney has all been paid back, and there are no debts. . . On the final days the

fallery fee was \$2.20 per each, and there were at least 2000 who came in on that charge. . . Six thousand Slip Madigan others had season passes. . . Portland demonstrated it was one of the better golf spectator towns in the country, outshining New York, Chicago and San Francisco easily.

JOYCE HAYMAN, who sits at the console of the reopened Cliff House, was quite a tenniser not so many years ago. . . She won the junior tennis championship of the interior in British Columbia and was runner-up in the women's open singles championship of Canada. . . She also has medals for ice and roller skating and swimming.

MAY BAR U.S. POST-OLYMPICS

NEW YORK, Sept. 12 (A)-The executive committee of the American Olympic Association was advised tonight by a special com-mittee to bar United States ath-letes from all post-Olympic meets except the British Empire games future international games The special committee, headed

by Joseph E. Raycroft and made up of various coaches, managers, trainers and others, made the recommendation in a lengthy report to the executive committee.

The report also recommended that no alternates for the boxing

or wrestling teams be carried to future Olympic Games, and that hereafter the first four finishers for the 100 meters in the final Olympic trials should make up the 400-meter relay team, and the first four in the 400 meters should

make up the 1600-meter team.

The executive committee at its regular meeting tonight decided to hold the association meeting in Washington, November 17. The report advised that the women's track and field squad be greatly curtailed in future. It suggested that standards be set, such as 10.7

for the 100, and that if the winners of the final trials cannot come up to those standards, the team be sent to the Olympics without representatives in such

Brundage, in discussing 2 dis-Brundage, in discussing a dis-agreement over the dates for the 1940 Olympics in Japan, stated unofficially that the games would be held in late August or early September. It was pointed out that European countries want the games held in October, and that the United States is holding out for a considerably earlier date,

Dettman Meets Duchini in **Special**

By HARRY B. SMITH

San Francisco fight fans think onnyboy Walker is going to clip Eddie Simms in their Friday night fight at Dreamland, That goes, even if the referee did call their previous engagement a draw battle. Walker has the weight advantage. He usually does better the second time he fights an opponent.

So right here in San Francisco they have made him a 10 to 8 choice to win. That price seems about what the doctor ordered. Simms, with his sparring partners, put in an appearance yesterday and started his last round of grind for the 10-round session.

Bobby Evans fixed up his entire card of prelims yesterday. Mario Duchin and Harold Dettman, a pair of middle weights, from Sacramento and Cleveland, respectively, are all set for the six-round semi. Aaron Ward and Gene Spencer are to go six, with Jimmy Brouillard and Soldier Stanley in another six. There will be two four-round sessions, Teddy Marino vs. Cowboy Jack Pot-ter and Al Saccho fighting Newsboy Jack Millhap.

TOO LATE NOW FOR MORE GOLD

Joe Niderost wired Larry White yesterday advising the manager he thinks he is quite correct in asking more than \$3500 guarantee for Apostoli in the Thil fight. Now that the New York Commission refuses to recognize the international title, it doesn't mean so much to the Coast-er. That was a cruel blow. However when Harry White talks of ever, when Harry white takes of calling off the fight, you know he's only spoofing. And so is Uncle Mike Jacobs. They have to carry on. White's mistake was in failing to demand more than \$3500 when

Of course, Jacobs thought the Empire State Commission would recognize Thil as the international king rather than give considera-tion to Freddie Steele. That must have been quite a blow to the Apostoli forces, and I don't blame White for feeling sore. However, you can take it from me the fight

Comanager Joe Niderost, with Chauncey Tramutolo and their wives, leave Tuesday by automobile for the East. They have business engagements, but also figure on watching the fight September 23. ROMERO FACES CENE ESPINOSA

Tomboy Romero of Sacramento and Gene Espinosa, Filipino from Los Angeles, will main event at San Jose for Ora Forman on Tuesday night. It's a 10-round show between these 126-pounders. Jonny Marquez of Redwood City and Johnny Ma-teo, 150, are scheduled for a six-round session. There are three fourround contests, as follows: Al Laboa vs. Bull Mateo; Bobby Gray vs. Teddy Yocson; Johnny Rodriguez s. Frankie Torres.

The boxing board, recruited to full extent by the naming of two of Governor Merriam's secretaries, can be expected to meet at Los Angeles some time the latter part of the month to swear in the new appointees and take up unfinished business. It will be Dr. Martin's first meeting since his return from Europe. Not expected the Governor's secretaries will hold office long. There are plenty of Californians who crave these jobs, le
